Train to Teach with Us

Inspiring Tomorrow's Teachers

For every level of teacher training, Early Primary, Primary, Secondary or Secondary with post 16, look no further than the Catholic Teaching Alliance.

Our long established teacher training programmes have talented and experienced programme leaders to guide you on your way to becoming a qualified teacher (QTS, PGCE and CCRS).

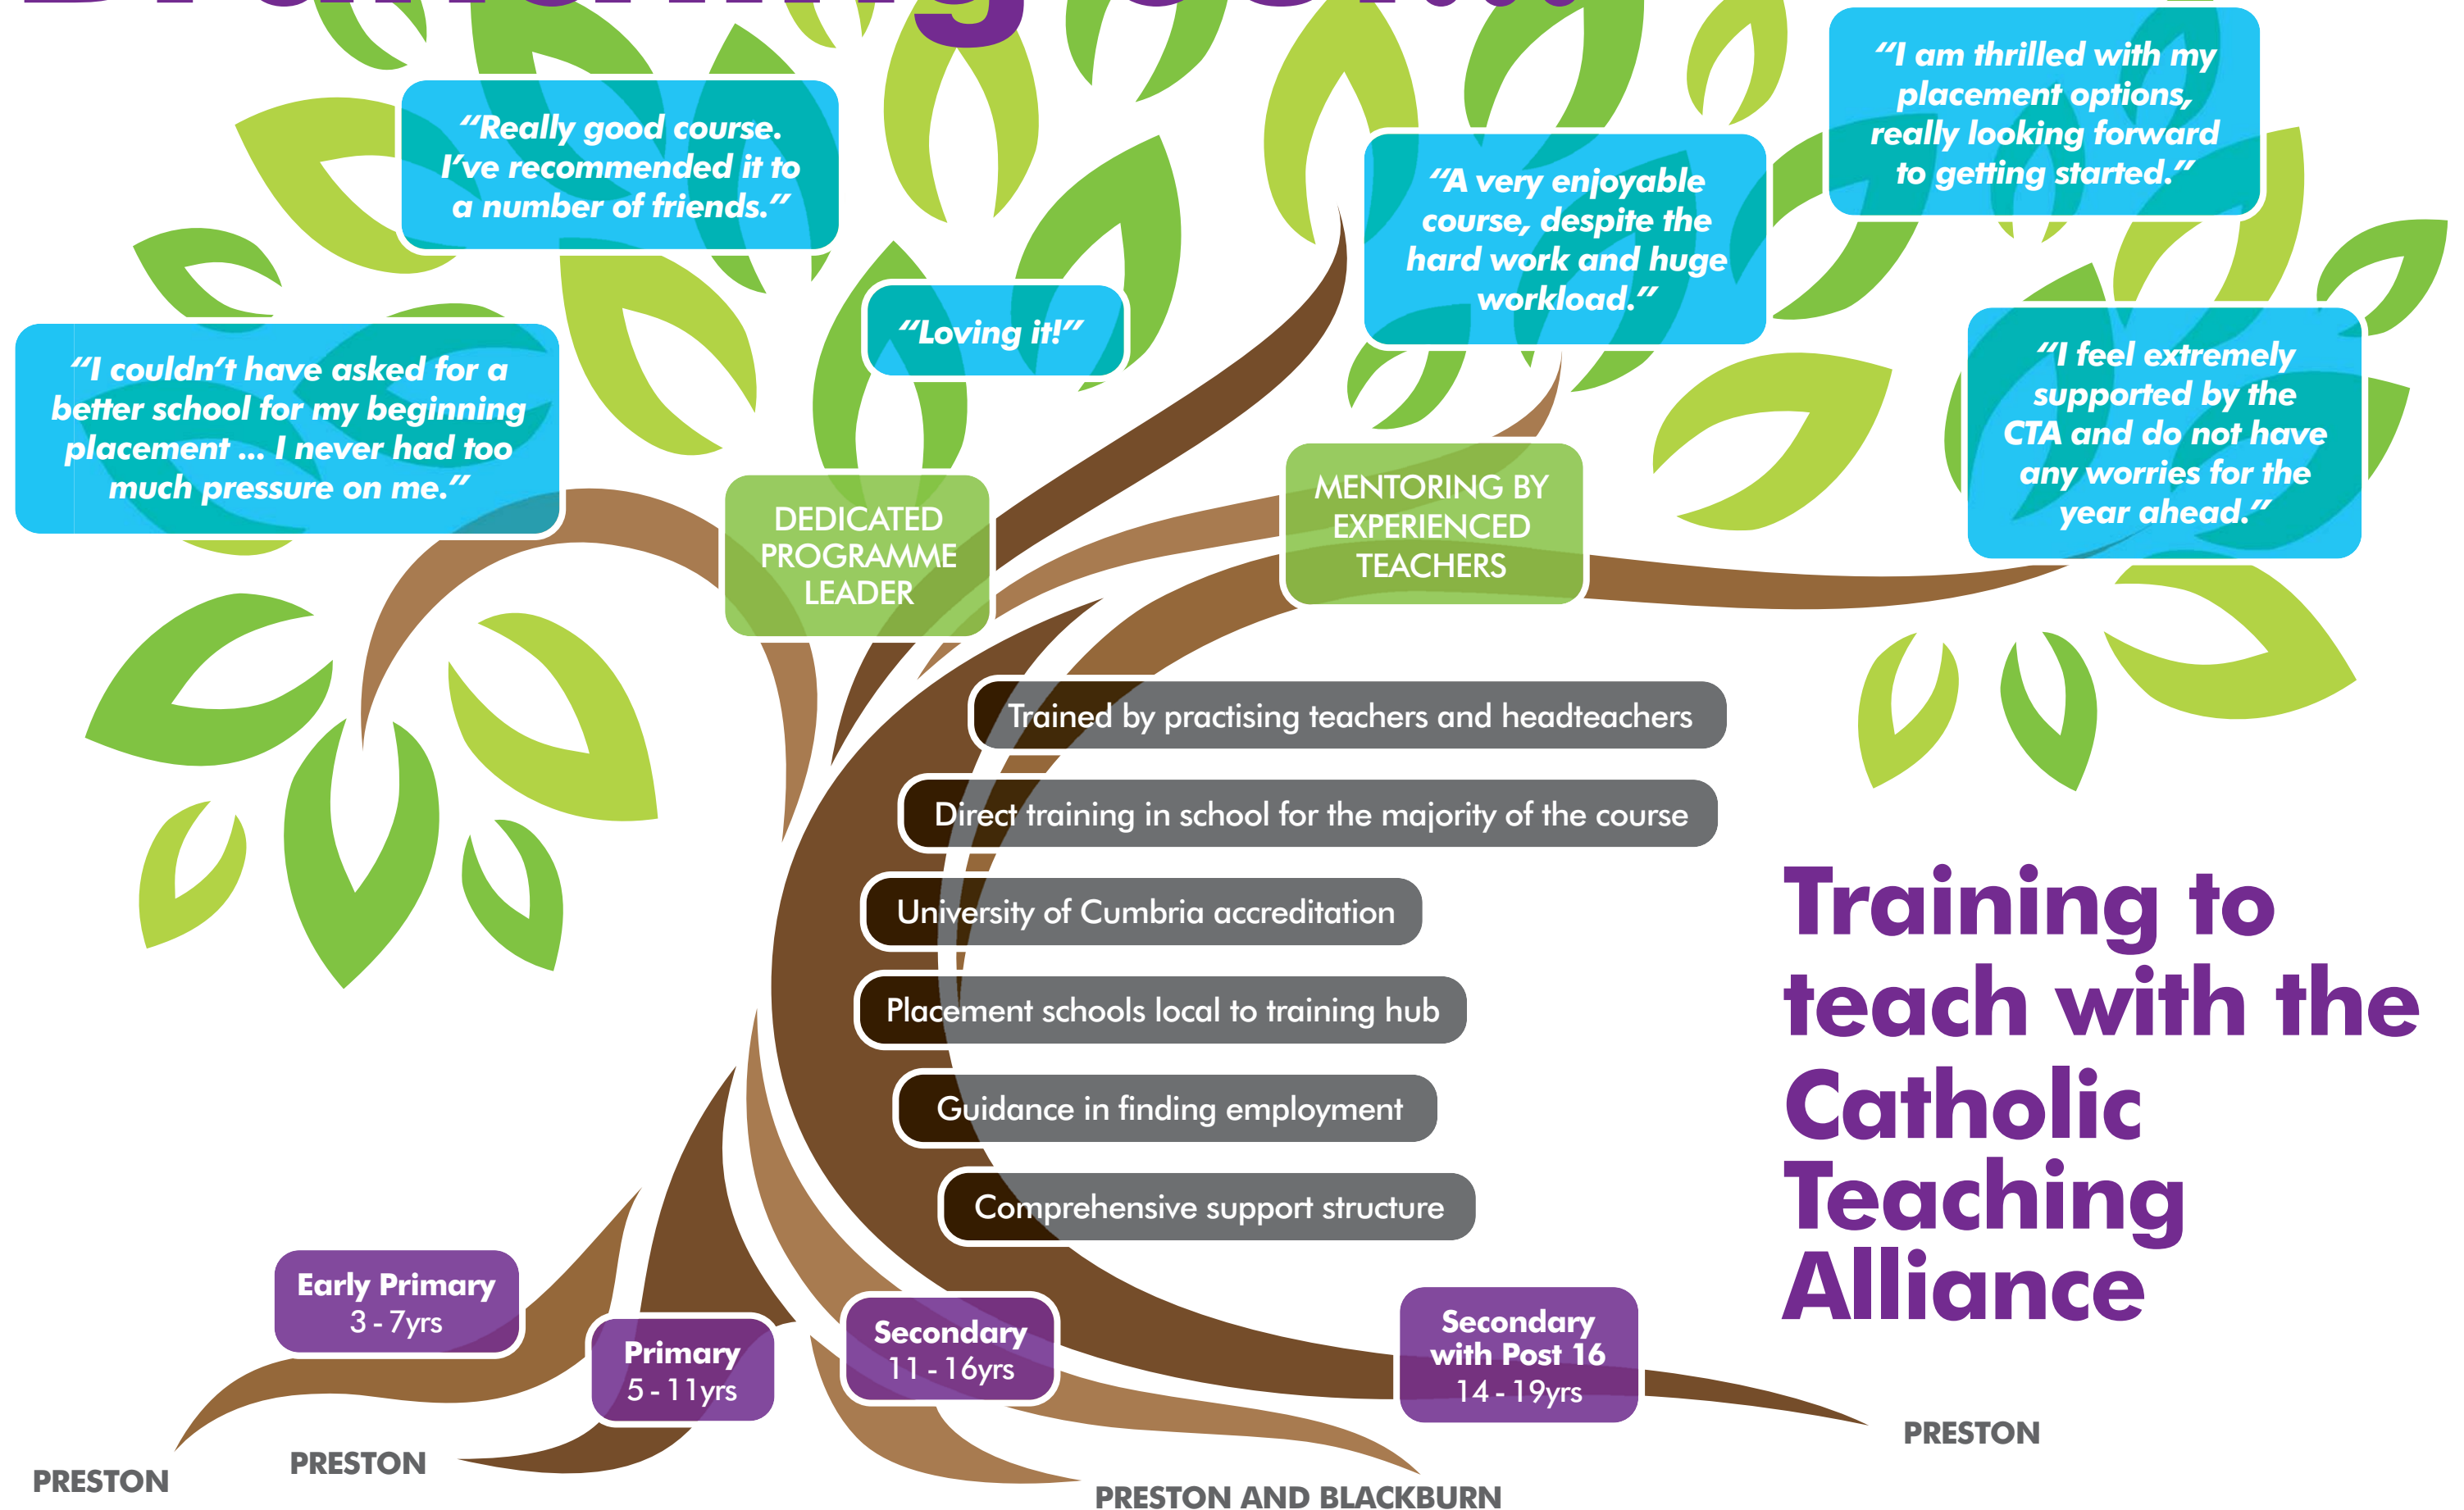

As a Catholic Teaching Alliance (CTA) trainee you will benefit from an engaging supportive environment created to enhance your overall experience. We pride ourselves on knowing all our trainees as individuals and enjoy watching them thrive in the friendly atmosphere of our training centres.

The support structure in place from our expert CTA team, the University

of Cumbria, fellow trainees and school based mentors ensures that our trainees are in the unique position of being able to immerse themselves in the life of a school. Trainees discover first-hand what teaching in a Catholic school can offer in terms of career and progression; they get to observe best practice from outstanding professionals in an informative, nurturing and inspiring manner.

Branching out...

To train with us...

Choose your PGCE with QTS course

Early Primary – Primary – Secondary – Secondary with Post 16

Details of all these courses are on the Search Postgraduate Teacher Training website

<https://find-postgraduate-teacher-training.education.gov.uk/>

Search with our provider code 1GB

Apply via UCAS Teacher Training
